

The PTO is proud to announce the **Brown Bag Book Club 2019**

The BBBC is our **once-a-month** club that's designed to get students excited about reading! Generally, on the second Tuesday of every month, students will meet with their classmates and volunteers during their **lunch and recess period**, to have an open and entertaining discussion about the month's book topic. Most grades also incorporate a craft or other fun activity to tie into the book topic. It's a great chance for kids to connect, while learning new techniques on how to sight read, introduce new vocabulary and make grade level reading fun!

Brown Bag Book Club is an optional activity meaning that students do not have to participate every month. If the student plans to attend during a given month we hope that they will be familiar with the book either by reading the book themselves or having a parent read to them. We do call the BBBC 'Brown Bag' for a reason! **Please make sure your child has a sack lunch from home the day of the club meeting**, but if they need to get hot lunch that day, that's okay. Eating is important too.

Like many of our activities at Fisher's Landing, we do rely on our amazing **parent volunteers** to make the BBBC the success that it is. Do you love reading as much as our kids do, and have an hour to spare on the club meeting days? Do you have a current volunteer background check? Do you want to see your kids in school, but can only stay for a little while? Contact Shane Eschman at shaneeschman@gmail.com to volunteer. Show your kids the beauty of reading and imagination; let them know some of the best movies were books first. We could use your help and the kids love to see their parents helping at school. It's something they will remember the rest of their lives.
